

Where does the waste go?

Important information at a glance.

English
Englisch

Foreword

Waste – Where does the rubbish go?

It is not always that easy to decide where each type of waste should go. Into the blue, brown, yellow or maybe actually into the black container? One thing is clear – waste sorting means saving resources and protecting the environment! Those who sort waste correctly are not only playing an important role in environmental protection but are keeping more money in their wallets.

The requirement: Waste material sorting! Participate!
For a cleaner environment and stable waste fees.

Other free offers:

- Waste disposal consultation
- Consultation and service for the residential business
- Christmas tree and garden clipping pick-up
- **BSO app**
- **Disposal plan (to print)**

When does the rubbish removal service come?

Information via the QR code or at:
[www.bso-oberursel.de/abfall/
individuell-abfuhrplan](http://www.bso-oberursel.de/abfall/individuell-abfuhrplan)

More information at www.bso-oberursel.de.

Paper

What can go into the container?

Right:

- Newspapers, magazines
- Packaging made of paper and cardboard (also with „Grüner Punkt“) – dispose of adhesive plastic parts via „Gelber Sack“.
- Catalogues, books, notebooks and other waste materials made of paper and cardboard

Removal:
Every 4 weeks*

Wrong:

- Coated or waxes, grease-proof paper (e.g. Tetra Pak** , composite packaging with a plastic component**)
- Packaging with food remains (e.g. pizza cartons, cardboard plates)
- Photo print-outs
- Self-adhesive paper
- Wallpaper
- Cartons which are connected with plastic or metal (e.g. toy packaging** and file folders)

**Please recycle cartons of this type via the dual system (Gelber Sack/Gelbe Tonne).

*Put the container out before 6:00 a.m. on the pick-up day.

Attention! Save space

Please lay cartons flat or tear them up.

Bio waste

What can go into the container?

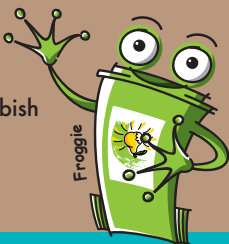

+ Right:

- Kitchen waste (also handled fruit peels)
- Remainers of food (e.g. pasta, meat, bones)
- Rotten foods (e.g. mouldy bread, cheese without packaging)
- Garden waste
- Other organic waste such as hair, feathers, wood shavings, small animal waste
- Paper to absorb moisture, paper towels, paper napkins
- Christmas tree, cut up and without ornaments and decorations

Removal:
Every 2 weeks*

- Wrong:

- Cans, glass, leather, metals and plastics
- Hygiene articles, diapers
- Faecal material such as dog faeces
- Mineral-based cat litter
- Vacuum cleaner bags and street rubbish
- Textiles
- Liquid waste materials
- Animal cadavers

*Put the container out before 6:00 a.m. on the pick-up day.

Attention! Packaging type

Let garden clippings and kitchen cooking waste dry out well and wrap in newspapers or paper towels. Do not use any plastic bags. The alternatives are compostable paper bags.

Light packaging

What can go into Gelber Sack/Gelbe Tonne?

Right:

- Packaging material made of
 - Plastic
 - Metal
 - Composite materials (e.g. Tetra Pak)

Removal:
Every 2 weeks*

Wrong:

- Packaging with food remainders
- Non-packaging with equivalent materials (objects which are made of the right materials but are not packaging - such as watering cans and pots and pans)

All of the information on collection

Service provider for the collection of light packaging (Gelber Sack) in Oberursel is currently the **company Bördner Städte-
reinigung GmbH. Once a year, the company Bördner
Städtereinigung GmbH distributes Gelbe Säcke.**

Recyclable materials hotline
0800 2673637 (free)

*Put the bags/container out before 6:00 a.m. on the pick-up day.

Attention!

Bags (Gelbe Säcke) which are improperly filled are not taken or improperly filled yellow containers are not emptied.

General Waste

Information on general waste

Residual waste is solid waste which usually occurs in households and is not recyclable. **If you follow and apply the information in this guide, you will really have not so much residual waste.**

Removal:
Every 2 weeks*

What can go into the container?

Right:

- Hygienic articles (e.g. diapers)
- Medications
- Vacuum cleaner bags
- Cigarette butts
- Household waste
- Rags

Wrong:

- All materials which are collected separately
- Waste materials which contain hazardous materials
- Construction waste
- Electrical scrap materials

*Put the container out before 6:00 a.m. on the pick-up day.

Attention!

Please do not place construction waste, electrical scrap materials and hazardous materials into the container and do not place at the side.

Information on Recyclinghof Oberursel

In order to ensure a seamless process at the Recyclinghof, we request that you follow the following instructions:

- Note the official business hours
- Do not place any waste in front of the closed door
- Identify yourself as a citizen of Oberursel when you make the delivery*
- Follow the instructions and signals of the staff
- Follow the signs and respect the barriers
- Do not give any tips
- Only deliver conventional household waste 1 (solid waste up to 1 m³, used oil up to 10 litres)
- Do not deliver any prohibited items
- Do not take any items with you
- Move around the operating facility with caution
- Leave the site as quickly as possible after you unload
- Please be aware of the work machines and vehicles
- You can deliver a typical household quantity **1 x daily**

*Background information: The recycling centre is financed through the waste removal fees of the citizens of Oberursel. Because outside parties are not entitled to turn in waste materials, ID checks are performed.

BSO Recyclinghof, Oberurseler Straße 54

Operating hours:

Mo. and Th.: closed

Tu. and We.: 7:45 a.m.–11:45 a.m., 12:30 p.m.–4:00 p.m.

Fr.: 7:45 a.m.–11:45 a.m., 12.30 p.m.–5:00 p.m.

Sa.: 9.00 a.m.–2:00 p.m.

www.bso-oberursel.de

Used clothing

What can go into the container?

Right:

- Used clothing made of textiles and leather
- Hats, caps and ties
- Home and household textiles such as bed linens/towels
- Curtains
- Shoes, combined into pairs

Wrong:

- Soiled and wet textiles
- Carpets, floor coverings and textile wallpapers
- Mattresses
- Residual waste and other rubbish

Tips

1. Pack safely

Package the textiles in bags so they are clean, dry and to protect them.

2. Drop in items with foresight

Please use the red containers of „Rotes Kreuz“ and BSO. The revenue from recycling is only used for charitable purposes and to stabilise your waste removal fees.

Attention! Container selection

When dropping clothing into the container, note the labelling on the container. Do not use any illegal containers but only the one from BSO/the City of Oberursel (Taunus) or Rotes Kreuz.

Used glass

What can go into the container?

Right:

- Bottles
- Canning jars
- Other container glass which was used as packaging

Wrong:

- Optical glasses
- Mirrors
- Flat glass (e.g. window glass)
- Products made of refractory glass (e.g. ceran ceramic material)
- Other types of glass which cannot be recycled (e.g. Christmas ornaments)

Location info

You can find a current list of the locations of the used glass containers at www.bso-oberursel.de.

Used glass hotline

of the company Knettenbrech & Gurdulic

0611 696-227, Mo.-Fr., 8:00 a.m. – 4:00 p.m.

Attention! Colour-coded sorting

Please sort by clear and coloured glass. Please place mirror and window glass and dishes into the residual waste container.

Hazardous waste

Information on the acceptance of materials

Please bring waste which contains hazardous waste to the recycling centre of the Upper Taunus District or to a professional disposal company.

Asbestos and mineral fibres are only accepted in what are known as Big Bags or in tear-proof film.

Collection:
4 x per year
at different
locations*

Recyclinghof des Hochtaunuskreises – for hazardous waste:

Deponiepark Brandholz, Neu-Anspach

Tel.: 06081 4425-0

www.deponiepark.de

Other disposal companies are shown at www.rmaof.de.

ABC hazardous materials: What goes where?

A: Altöl/Used oil, back to the store, used materials also to the recycling centre

D: Dispersionsfarbe/Emulsion paint, only dried with residual waste

L: Lacke/Paint Liquid for mobile hazardous material collection
Upper Taunus District

*Attention! Different collection points

You can see the map of the hazardous material mobile in the waste pick-up calendar and at www.bso-oberursel.de or www.rmaof.de.

Bulky rubbish

What is taken?

Right:

- All bulky items which accumulate in a private household ...
... which, due to their weight, even after reasonable reduction in size through dismantling, do not fit into the residual waste container and ... are not heavier than 50 kg.

Collection:
4 pick-ups with
3m³ per year and
household

Wrong:

- Filled cartons or bags (e.g. wallpaper, household waste)
- Waste from advertisements
- Construction waste and construction site waste (also doors, windows and curtains)
- Tree roots, tree trunks and garden clipping waste
- Electrical household appliances
- Bulky waste when emptying out an apartment
- Wood equipped with wood safety devices and wood used outdoors
- Mirror glass – please dispose of via residual waste
- Animal cadavers
- Liquid materials of all kinds
- Special waste such as oil stoves and tanks

Bulky waste material hotline

06171 502-333, Mo.–Fr., 8:00 a.m.–12:00 p.m.
